

## finditinsandwell's August Breakfast Club

### Date of Event 12/08/2010

Have you been along to a finditinsandwell Breakfast Club yet? They're the best-attended morning networking events of their kind in the region, giving you the chance to meet with dozens of likeminded business professionals before most other people have even woken up.

What's more, they're free if your business is in Sandwell, AND you get a cooked breakfast. What's not to like (apart from the early start)?

Every month, we bring you a presentation from a guest speaker who has useful information, knowledge or expertise to help you and your business. We'll confirm August's Breakfast Club speaker here soon, but it's likely to be [Neil Rakestrow, project director for Britannia Construction](#), telling you how you can supply to West Bromwich's regeneration programme.
